Simply send us your name, age (and contact details if sending a postcard) and how

many eggs you've found! The winners will be contacted directly. **All entries must reach us by 1st June 2024. Winners will be contacted by 9th June 2024.**

RECYCLED CRAFTING

A calming and creative activity for a wet spring day!

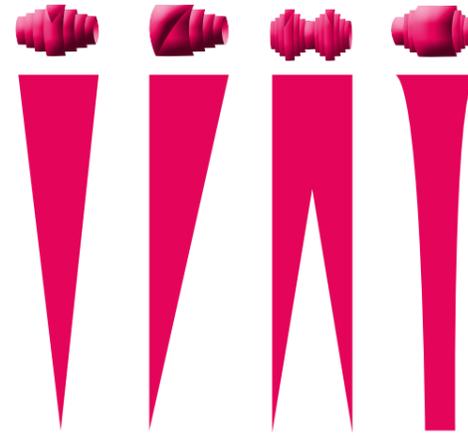

PAPER BEADS

Sometimes, a relaxing and crafty day is just what we need. Paper beads are a great way to recycle and reuse old magazines, leaflets or even easter egg boxes that are lying around and you'll be guaranteed a one-of-a-kind creation at the end. Let's go...

TEMPLATES

Try and make each cutout at least 2cm wide x 25cm long

WHAT TO DO...

WHAT YOU WILL NEED

- old magazines/wrapping paper
- pva glue
- straws or wooden skewers
- string or elastic cord

1. Using the templates above as a guide, cut out a selection of pieces of paper for your beads. You could do them all the same for a more uniform look, or mix it up a bit from something even more unique!
2. Take one of your cut pieces of paper and cover the side facing you with glue, leaving the top 2cm unglued. Wrapping the unglued end around the straw first will ensure your bead doesn't stick.
3. Continue wrapping the now gluey paper around the straw/skewer until all the paper piece is wrapped.
4. Repeat. Try and fit as many beads on the straw/skewer as you can so as not to waste supplies. Set aside and allow to fully dry. (#tip, you may want to balance the ends of your straw on cups or another raised object so that the beads don't stick to your work surface.)
5. Once dry, slide the beads off the straw.
6. Take a piece of string (great for necklaces) or elastic cord (better for stretchy bracelets) and thread your beads. Once you get to your desired length, secure with a knot.

HOP INTO THE KITCHEN

Have some fun with food and put an Easter twist on some family favourites!

Easter doesn't have to just be a chocolate-fest. You can switch up some daily food staples and give them a bit Easter flair, just like with the porridge and sandwiches on this page.

Did you know?...
Porridge is a great way to start the day. It releases energy slowly, so you'll be less likely to snack before lunch.

EASTER EGG PORRIDGE

YOU WILL NEED:

- 1 cup porridge oats
- 2 cups milk, 1 cup water
- Banana slices and chocolate chips (optional)
- 2 tbsp cocoa powder
- Maple syrup to taste

1. Heat oats, milk, water and cocoa powder in a pot. Bring to the boil and stir continuously until everything is combined and the mix starts to thicken.
2. Reduce the heat and simmer for 3-4 minutes.
3. Serve in a bowl with some chopped banana on top (and some chocolate chips if you really need to!)
4. Add some natural sweetness if needed with some maple syrup.

MINI NESTS

YOU WILL NEED:

- 100g plain flour
- 100g castor sugar
- 100g butter
- 2tsp baking powder
- 2 medium eggs
- 1tbsp hot chocolate powder
- chocolate buttercream icing mix
- Mini egg chocolates

1. Preheat the oven to 180 °C.
2. Mix the caster sugar and butter together until soft and fluffy. You may need a mixer to help with this, or a parent with a lot of stamina!
3. Add the flour and baking powder. Mix well. Then add the hot chocolate powder.
4. Prepare a cupcake /muffin tin with cupcake liners (recipe makes 12). Spoon mixture into each liner evenly.
5. Place in the centre of the oven for 12-15 minutes.
6. Allow to fully cool before decorating. Spoon buttercream icing into an icing bag and squeeze onto the top of the cupcake in large stringy circles to look like a nest!
6. Add mini eggs into the centre of your nest. Share and enjoy!

Did you know?... If your school is having an end of term cake sale, you can really impress your friends (and the teacher) by making a batch of these mini nests! So adorable and so yummy!
